

# LIBRARY SCIENCE (LISR)

---

**LISR 1001, Library & Information Literacy (1 Credit Hour)**

*1 lecture hours per week, 0 lab hours per week, 1 contact hours per week*

This course is designed to provide students a foundation in locating, evaluating, and utilizing information resources. This course will expose students to basic research methods and a wide variety of electronic resources. Students will develop fundamental research techniques and will learn to effectively use and evaluate electronic resources such as an online catalog, periodical indexes, journal databases, and the Internet.
